AMAN KUMAR

Software Engineer — Android & Full-Stack Developer

+91 6205423577 mr.amankumar99@gmail.com Aman (LinkedIn) Aman (Portfolio)

PROFESSIONAL SUMMARY

Results-driven Software Engineer and BCA Graduate specializing in Cloud & Security from Amity University. Hands-on experience in full-stack mobile and desktop application development using Kotlin, Java, Python, SQL, and Firebase architecture. Proven track record of end-to-end product delivery—from UI design and backend integration to implementing Google Play Billing, Razorpay payment gateways, AdMob monetization, and publishing live production apps on the Google Play Store and Microsoft Store.

TECHNICAL SKILLS

Programming Languages: Kotlin, Java, Python, C/C++, SQL, JavaScript, HTML5, CSS3
Mobile & Web Development: Android SDK, Android Studio, RESTful APIs, React, Bootstrap
Backend, Cloud & Monetization: Google Play Billing, Razorpay Payment Gateway, Google AdMob, Google Firebase (Firestore, Authentication), Cloud Architecture
Tools & Platforms: Git, GitHub, Google Play Console, Microsoft Partner Center, Advanced Excel, Linux, Eclipse, NetBeans

EXPERIENCE

Independent Application Developer Patna, Bihar
Self-Employed *01/2023 – Present*

- Architected and developed end-to-end Android and desktop applications using Kotlin and Python with clean architecture and optimal performance.
- Integrated Google Firebase backend services for user authentication, real-time database management, and cloud data synchronization.
- Implemented Google Play Billing APIs and Razorpay payment gateways for secure in-app purchases and digital transactions.
- Managed end-to-end product lifecycles including testing, certification, deployment, and store listing optimization on Google Play Console and Microsoft Partner Center.

PROJECTS

AirType - Native Android Application | *Kotlin, Android SDK, Firebase, Google Play Billing* 2026

- Engineered and successfully published a high-performance native Android application live on the Google Play Store.
- Integrated Google Play Billing for digital in-app monetization and seamless user transactions.
- Designed a responsive mobile interface following Material Design principles, achieving smooth app navigation and high user engagement.

AirType Server - Desktop Utility Application | *Python, Desktop Tools* 2026

- Developed a robust Windows desktop utility application and successfully published it on the official Microsoft Store.
- Managed the entire deployment workflow, including app packaging, security compliance verification, and Microsoft Store listing optimization.

EDUCATION

Amity University Noida, Uttar Pradesh
Bachelor of Computer Applications (BCA) - Cloud & Security *08/2023 – 05/2026*

- **Relevant Coursework:** Cloud Architecture, Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Web Development, Software Engineering.

CERTIFICATIONS

- **Certificate in Advanced Excel** | Amity University Online (August 2023)
- **Leadership and Motivation in Organization** | Amity University Online (December 2023)
- **Basics of AI** | Amity University Online (June 2026)
- **Acing Your Interview Certification** | Amity University Online (June 2026)
- **Cloud Architecture** | TCS iON & Amity University Online (June 2026)
- **Cryptography Certification** | TCS iON & Amity University Online (June 2026)
- **Advanced Cyber Security** | TCS iON & Amity University Online (July 2026)
- **Google Play Store Listing Certificate** | Google Play Academy (August 2026)
